

The Semi-Weekly Morning Light carries local, state and world news into thousands of rural homes in Navarro and surrounding counties twice each week. Every worth while item of news from every point is thoroughly covered.

The Semi Weekly Morning Light has been an outstanding progressive newspaper working for the advancement of the rural communities of Navarro and adjacent counties for more than fifty years. Its success is bound up with the growth of rural life.

TRUMAN ASKS ATOM ACCORD

Flood Warnings Issued For Trinity River Territory

By The Associated Press. Torrential rains fell over large areas of North and West Texas. The fall was so heavy in North Texas that flood warnings were issued for the Trinity River. Four inches drenched Rockwall, on the East Fork of the stream. The fall continued through the morning.

The overnight fall at Fort Worth was 3.21 inches. Low areas of Dallas were flooded by an early morning 2.73 downpour. E. T. Spain was killed at Dallas.

Food Prices May Be Headed For More Inflation

NEW YORK, Oct. 24.—(AP)—Talk about dollar-a-pound coffee by next year makes you wonder. Is inflation going to show up again in the place you'll like it least—the family market basket?

Already the men who package foods are starting to prepare you for price hikes all along the line before the end of the year, reversing their own predictions of a short time ago. They acknowledge large surpluses of grain but they say the government buys these up and neutralizes the law of supply and demand.

Proposal Would Have Farmer Aid Support Program

WASHINGTON, Oct. 24.—(AP)—The U. S. Department of Agriculture is studying a proposal by Rep. Poage (D-Tex.) to have the farmer contribute part of the costs of an agricultural price support program.

INHERITS \$125,000—Letha Lee Capland, paralyzed Port Arthur, Texas, girl, is slated to receive an inheritance of \$125,000 from an uncle she saw only once in her life. She was left the estimated sum in the will of Jake Miller, scrap metal dealer of Canton, Ohio. Miss Capland is pictured above during a party at the Port Arthur Golf Club. Her escort is Club Secretary, Leon Smith. She says she may use the money to go to the Mayo Clinic. Her paralysis stemmed from an automobile accident. (AP Wirephoto).

when a roof at a cement plant collapsed. Fire department officials said it was caused by an accumulation of dust becoming heavy from the rain.

The Trinity at Dallas was rising rapidly. The weather bureau said it would go above floodstage, 28 feet, during the afternoon. No damage was expected at Dallas which is protected by levees.

Other rainfalls included: Gainesville 3.45 inches; Bonham 3.55; Wichita Falls 2.59; Mineral Wells 2.52; San Angelo 2.20; Ozona 1.45; Abilene 2.11; Waco .04; Del Rio .19; Galveston .03; Trinidad 1.5.

Community Chest Budget Committee To Meet Tuesday

The budget committee of the Corsicana Community Chest will consider requests of the 11 participating agencies at a meeting to start at 9 a. m. Tuesday in the Chamber of Commerce office.

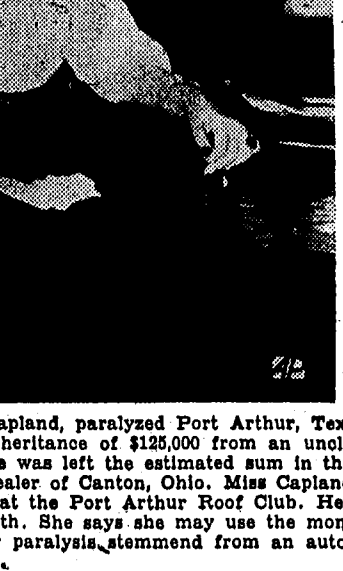

The board of directors will meet at 10 a. m. Wednesday at the C. C. C. office to consider the allocations taken by the budget committee.

The Corsicana Chest drive is slated to open Nov. 1 when "big gifts" will be solicited before the actual campaign starts Nov. 8. The goal this year is expected to be in the vicinity of \$40,000.

Guatemala Plans Seeking U. S. Loan

GUATEMALA, Guatemala, Oct. 24.—(AP)—Guatemala, hard hit this month by storms and floods, was reported today to be considering asking the United States for a loan of \$50,000,000 for relief.

Red Cross officials have said approximately 500 persons lost their lives. Earlier estimates by government officials placed the total as high as 4,000.

THOMAS STURGES, youthful New York cafe society figure, was in a critical condition today from a bullet wound in the head which police said was self-inflicted.

temperatures in the Panhandle would drop to around freezing in the morning. Rainfall at Ozona, 85 miles south of San Angelo, has totaled 5.8 inches since Saturday.

The rain was beneficial for ranges but halted cotton harvesting. Other rainfalls in the San Angelo area included Bronte 3.2; Blackwell 2.3; Eden 3.5; Mertzon 3.1; Sonora 1.53; and Rocksprings 2 inches.

Britain Reducing Its Expenditures To Meet Crisis

LONDON, Oct. 24.—(AP)—Prime Minister Attlee announced today he is slashing 250,000,000 pounds (\$700,000,000) off government spending to ease Britain's economic crisis.

Attlee told the house of commons this 250,000,000 pounds does not include savings in Britain's defense spending.

The prime minister said there will be savings in the labor government's socialized health program, in education, in public and private building, in government administrative costs and in government public relations offices.

Prices of some foods will rise, Attlee told the house. The government's "big dig" program is tied in with Britain's recent devaluation of the pound from \$4.03 to \$2.80. Britain is faced with the necessity of spurring her export drive to earn dollars, and thus heavy reductions in her dollar purchases from the United States have been forecast.

The leader of the Labor government announced he had slapped a 10 percent cut on the weekly social security tax, of which eight pence (about 10 cents) goes to the medical service. Other taxes pay for the remainder of the program.

Figure In Gotham Cafe Society Is Shot In Houston

HOUSTON, Oct. 24.—(AP)—Allen Thomas Sturges, youthful New York cafe society figure, was in a critical condition today from a bullet wound in the head which police said was self-inflicted.

The 28-year-old man was found shot late Saturday in the bedroom of a pretty airline employee. Police said he apparently broke into the room while Miss Marion Yurria, 23, was away.

Miss Yurria said she met Sturges only last Tuesday. She said she was one of the three notes written by Sturges and found on him was addressed to Miss Yurria. They said it expressed endearments and regrets.

Peace Prospects In Steel, Coal Strikes Slight

WASHINGTON, Oct. 24.—(AP)—The outlook for any voluntary settlements in the big coal and steel strikes continued exceedingly dark today.

A steadily increasing toll from the walkouts on the nation's economy made White House intervention seem more and more probable. There still was no word, however, that President Truman had made up his mind to act.

Charles C. Ross, the president's press secretary, said today he knew of no impending moves by the White House in either coal or steel strikes.

He added that he had no information to justify week and published reports of early White House action. Ross talked to reporters at union station before the president left for New York to speak at the laying of the cornerstone for the new United Nations building.

Officials closely watching the situation said administrative policy for the moment is one of hope—hope that as the twin strikes become more acute, the pressure of public opinion and coal and steel customers may cause one side or the other to make a peace bid.

For a time yesterday, it appeared that White House hopes for early settlement were strong. A friend of the president quoted Mr. Truman as predicting an end to both strikes within ten days, but later said he had meant to get across that this was his own prediction instead of the president's.

Estimates Vary On Estate Texas Girl Will Share

WHEELING, W. Va., Oct. 24.—(AP)—Estimates varied today on the size of the unappraised estate of Jake Miller, late scrap metal dealer of Canton, Ohio.

Executor Edward J. Kelley said the estate would exceed \$10,000, but would not "come anywhere near" previously reported estimates of \$250,000.

Wheeling lawyer William J. Gompers, attorney for the estate, estimated the estate would reach \$20,000. He said it included \$147 in cash, a 1941 automobile and three pieces of property.

Miller's will left half his estate to his niece, Letha Lee Capland, paralyzed Port Arthur, Tex., girl. She said she may use the money to go to the Mayo Clinic in Rochester, Minn.

COMMUNISTS AFTER SENTENCING—Ten top ranking American Communist leaders leave Federal court in New York in prison van after being sentenced and fined for criminal conspiracy to teach overthrow of U. S. government by force. Clockwise from left are Henry Winston (hidden), Jacob Stachel, Carl Winter, Robert Thompson, Irving Potash, Benjamin J. Davis, Jr., Eugene Dennis, Gilbert Green, John Williamson and Gus Hall. (AP Wirephoto).

Hawkins Is Held Without Bond For Clark's Slaying

JERSEYVILLE, Ill., Oct. 24.—(AP)—Lenard (Lucky) Hawkins, who was arrested at Dalhart, Texas, Oct. 17, is being held here without bond on a murder charge in the slaying of Albert E. Clark, 23, Rolse City, Okla.

A preliminary hearing has been set for Nov. 1. Clark's body, a bullet wound in the head, was found beside a lonely road Oct. 12.

In a statement officers said Hawkins asserted Clark was killed by his own gun during a quarrel over a woman hitchhiker. Hawkins, 34, was quoted as saying he and Clark and the woman, known only as "Mildred," were in Clark's car when a quarrel developed. Clark threatened him. Hawkins' statement said, and during the struggle for the weapon Clark was shot through the head.

Search Parties Recover Bodies Of Navy Flyers

LITCHFIELD Park, Ariz., Oct. 24.—(AP)—Search parties have recovered the bodies of three navy fighter plane pilots who were killed Wednesday when their ships hit a mountain during a snowstorm.

Lt. Cmdr. Marvin Hart, executive officer of the Litchfield Park naval air facility said all three had been identified. They were presumed killed upon impact when the three F4U Corsairs crashed.

The pilots were Lt. (jg) George A. Heckler, Portsmouth, Va.; Ensign James T. Pilgreen, Shreveport, La., and Ensign John E. Lawrence, Jr., Groesbeck, Texas. Wreckage was discovered in the mountains about 10 miles north of Superior, Ariz.

Five Men Killed When Air Force Bomber Crashes

MIDLAND, Tex., Oct. 24.—(AP)—Five men were killed yesterday when an Air Force bomber smashed into brushy ranch country and exploded.

The twin-engine plane—a B-26—was demolished and small bits of wreckage and bodies scattered over a mile square area. A black dog was identified by Biggs Air Force Base at El Paso as: Lt. Col. Charles J. Lutz, 34, El Paso, commanding 202nd Target Squadron, the pilot. Capt. Thomas Hillmann, 39, Shreveport, La. Capt. James R. Butler, 31, El Paso, co-pilot. Capt. Billy H. Miller, 27, Fort Worth. Sgt. Robert E. Lee, 21, Biloxi, Miss.

President Urges Workable Way To Outlaw Weapon

Chief Executive Is Speaker For Ceremony Of UN

NEW YORK, Oct. 24.—(AP)—President Truman pleaded today for safeguards to banish the atom bomb and "negotiation and mutual adjustment" to end the cold war's threat to peace.

The president addressed 16,000 at an unprecedented open air session of the United Nations assembly. The principal speaker at the cornerstone ceremony for the United Nations' new home here, the president referred to the structures as "the most important buildings in the world."

All mankind, the president declared, is in fear of destruction from the awesome atom bomb. "To assure that atomic energy will be devoted to man's welfare and not to his destruction is a continuing challenge to all nations and all peoples," President Truman said.

The president continued: "The atomic weapon was developed, a major objective of United States policy has been a system of international control of atomic energy that would assure effective prohibition of atomic weapons and at the same time would promote the peaceful use of atomic energy by all nations."

Truman spoke after a tumultuous welcome to New York from a police-estimated crowd of 750,000 along his route from Pennsylvania station to the U. N. site on 42nd street. It was his first visit to the big city since his victorious election campaign.

Cupid Invades District Court But Fails To Save Girl From Sentence

By CLYDE E. JOHNSON Daily Star Staff. Cupid invaded Navarro district court Monday during a juvenile hearing.

It was 10 a. m. and District Judge A. P. Maye took his seat on the bench.

An attractive, shapely blonde-haired girl—16 years old—was sitting before the bench with her attorney, accused of juvenile delinquency.

Speakers were cleared from the courtroom. At the judge's instruction, County Attorney Charles T. Banister read the state's charge. It accused the teen-ager of renting rooms in downtown rooming houses, engaging in immoral activities, walking the streets late at night.

Smithwick's Trial Postponed Until Dec. 12 On Plea Of Defense Lawyers

BELTON, Tex., Oct. 24.—(AP)—San Smithwick's trial for the slaying of Judge D. W. (Bill) Mason at Alice was postponed today until Dec. 12 on a plea of the defense that material witnesses were absent.

District Judge Wesley Dice postponed the trial after Defense Attorney Henry Taylor of Temple said five or six defense witnesses were not in court. They are important to the defense of the former Jim Wells county deputy sheriff, Taylor said.

CORSICANA, TEX., OCT. 25, 1949

BEAVERBROOK ON HIS OWN

The British Tories may be losing an important newspaper support, Lord Beaverbrook, the Canadian-born owner of the London Daily Express, one of the most widely circulated papers in the United Kingdom, is reported to have told friends "I am no longer a Tory," and to have dropped his annual subscription to the local party organization.

The restless Beaverbrook is said to believe that the party is run by too many fuddys. He wants a forthright fighting campaign against government restrictions on business, and for tax reduction. On the other hand he favors a minimum wage, and abolition of the House of Lords, for which he would substitute an elected chamber. These drastic reforms are enough to set him off from Churchill, with whom he has worked in uneasy harness for most of the time since the beginning of World War I.

A source of strength of the Tory party has been its near-monopoly of British newspapers. If Beaverbrook abandons it, that strength would be appreciably lessened.

THE CONVICTED REDS

It would be easy to attach far too much significance to the conviction of eleven Communist Party leaders on charges of conspiracy to advocate violent overthrow of the government. It would be a foolish blunder to assume that this event rocks the American Communist Party back of its heels, or causes despair in the Kremlin. The party faces the temporary loss of eleven of its professional leaders, but doubtless there are twenty-two others waiting to take their places. Even the permanent loss of eleven workers would be a trifle to the Kremlin.

The intent of the convicted defendants to appeal to higher courts, if carried through to the end, may lead to a Supreme Court interpretation of the application of sedition and conspiracy laws to the operation of Communists and the Communist Party. That would be of very great value in dealing with the problem of Communism, and with the question of whether additional laws are needed to cope with that problem. The great question has been: How can American freedom be protected against such attacks as those of the Communists, without destroying freedom itself with the measures used to destroy Communism? We may now be nearer to an answer.

FISSION AND FUSION

The Atomic Energy Committee of Congress has made a formal report exonerating the Atomic Energy Commission of charges of mismanagement, and this report might be expected to be quite comforting to the American people. Unfortunately the report emphasizes the profoundly disturbing division of congressional confidence in the people and policies of the Commission along strict party lines. The Committee held a long series of hearings on the conduct of atomic energy research. It is possible that an open-minded and earnest study of the evidence gathered in these hearings has firmly persuaded six Democrats that the Commission should be cleared, and as firmly persuaded six Republicans that the charges are well founded?

The fission of the atom was not accomplished in an

Instructions for a New Driver

I know how very proud you are to think you've learned to drive a car.
But wonder if you are aware that death stalks every thoroughfare

Though you have learned to stop and go, remember there is more to know. Always expect on flying feet. A child to dart into the street.

While you are driving keep in mind. There are pedestrians, dead and blind. 'Twere better far to slow your speed. Than sound a horn they cannot heed.

Of lights and highway signs beware. There's nothing lost by taking care. Disaster follows driving fools. Who rashly disregard the rules.

Turn corners slowly, lest there be some hazard where you cannot see. Be courteous, patient, night and day. And never trust the right of way.

operation of party politics. When the first bombs were dropped on Hiroshima and Nagasaki, it is not recalled that political affiliation of the bombardier influenced the results of the explosions. It has never been demonstrated that a Democratic physicist can achieve a more satisfactory nuclear reaction than a Republican physicist, or vice versa. Nor has it been disclosed that the battle maps of our enemies in the late war were marked in one shade of red to denote presence of Republican troops and another shade to show Democrats in the fox-holes.

There is no relation between atomic fission, with its hazards and its possibilities, and the party divisions of the American people. The best possible use of this tremendous force will not be achieved until Americans are willing to fuse their political differences in the development of atomic energy for constructive purposes.

CORNER ON EGGS

It has been a long time since any serious talk was heard of a corner in commodity trading. A corner is created when a trader, or syndicate of traders, gets control of substantially all of the available supply of a commodity, and thus its ability to sell at his own price. In earlier days corners in grains and other essential crop items used to be achieved on occasion, resulting in fantastic profits for the successful traders. The corner also resulted in exorbitant prices to all consumers of the affected commodities, for no reason except to provide the profits of the cornerers, and now rules have been devised which make the achievement of a corner almost impossible.

It was hinted recently that someone may have been attempting to corner the October egg market. At any rate emergency trading restrictions were applied on the Chicago Mercantile Exchange. If there was any thing to the rumor, the trader attempting to corner eggs must have had unbounded confidence in the public desire for strictly fresh eggs, or must have forgotten altogether about the competition offered by the government, which in its own peculiar way has been cornering eggs regularly for the past few years, and has a prodigious stock of eggs which could be used to the embarrassment of any small-fry operator.

The British government, after devaluing the pound, immediately levied a new tax on dividend profits to offset any extra profits exporters might make as a result. Wonder if Sir Stafford Cripps picked up that idea in Washington.

The International Association of Lions Clubs plans to build a model city near Chicago. Evidently the Lions think that it would be too hard to make a model city out of one already established.

Dr. Boehmalk Is Local Chairman Missionary Group

Dr. Erwin F. Boehmalk, pastor of the First Methodist church, is resident chairman in Corsicana for the nineteenth annual observance of Men and Missions Sunday November 13. All Protestant churches in the United States and Canada have been invited to par-

Rain Is Welcomed By Most Farmers In Navarro County

A regular gulley-washer, so to speak, drenched Navarro county Friday. And most farmers welcomed the downpour.

Approximately 80 per cent of the county's 65,000-bale cotton crop for 1949 has been harvested, so water-damage was confined to a relative small part, County Agent W. H. Walker reported.

"The rains will lower the grade on cotton still in the fields," the official pointed out.

But many farmers were eagerly anticipating the showers so that their winter legume programs could get under way. Legumes already seeded and growing will be benefited.

Farmers were waiting for additional moisture in the soil before seeding legumes, Walker said. As it is dry enough to enter the fields, he added, this soil-building practice will get started. Pastures, too, were benefited.

Heavy rains were general throughout Navarro county Friday. In some places, showers fell throughout the night.

From 7 a. m. Friday, rainfall for a 24-hour period in Corsicana totaled 1.80; the 48-hour period showed

2.22 inches precipitation, according to the government weather observer here.

Despite a cloudburst-like rain, which flooded ditches, lowlands and parts of streets, Lake Halbert reported only 1.14 inches the past two days, with little water caught in the drying lake.

Although visibility was drastically reduced at times during Friday afternoon's downpour, no serious highway accidents were reported. Slippery pavements and muddy shoulders, however, caused minor mishaps and boosted wrecker companies' business.

Reports from over the county follow:

Dawson—About a two-inch rain, electrical storm and power failures. Blooming Grove—Big downpour Friday afternoon high winds and lightning power failures; damage to outbuildings reported in north section of town Friday afternoon.

Frost—Big rain, showers practically all night Friday.

Rice—Good rain. Richardson—Large rain Friday, ditches overflowing Saturday morning.

Kerens—Big rain, showers all night Friday; sprinkling Saturday.

Waco, Cleburne Take Conference Wins Friday Night; Waxa, Temple Downed

The Cleburne Yellow Jackets caused a minor upheaval in District 15-A of the Interscholastic league in downing Hillsboro, 12-6 in Cleburne last night to relegate the Eagles to the bottom of the district heap.

Waco coasted to a 25-6 win over Ennis in the only conference game, and Austin eked out an 18-13 win over Temple in a non-conference affair. Corsicana was idle.

Another surprise was the 13-0 victory of Waxahachie in the hands of the Weatherford Kangaroos in a non-conference encounter.

The Cleburne crew out-welcomed the Eagles in a sea of mud, but made much of their yardage via the passing route. Hillsboro scored first, but Cleburne outgained the Eagles in the last quarter.

Sammy Carter's 88 yard punt return capped the Cleburne scoring for the night.

Temple came within one foot of a comeback in the second quarter, but another muddy mauling, reports say Austin's power line asserted itself, however, and the bruising machine of Johnny Kitchens held the statistical edge.

Temple had one drive nullified on the Maroon 1-foot line when it failed to make the necessary yardage.

Waco used its first string during the first half to roll up an 18-0 margin at halftime, and coasted to the final score using its second string. The game went about as expected.

Ennis' Kelly plunged over from the 2 yard line for a touchdown against Waxa in three years. Joe Mac Gresham sparked the Tigers to their victory.

Cochran Payne and the entire Corsicana Tiger team were spectators at the game. Reports say that they saw nothing of value to them.

An 85 yard pass interception and return for a TD, and a long drive brought Weatherford a 13-0 win over Waxahachie. Unless the rain abated soon, Kerens officials were doubtful Saturday morning if the game could be played.

Meanwhile, the State Home Meads surged to a 28-0 win over Dawson, sparked by rambling Roger Perona.

Frost murdered Italy, 33-0. The Mildred Eagles scored once in the third period, then held first conference game of the season, 6-0 Friday afternoon.

On the first play of the game with Dawson, State Home's Perona skipped 90 yards for a tally and Huey Rush ran the point over. Perona ran for another TD in the first quarter, a 25 yard scamper that was followed by Tommy Gordon's run-over of the point.

In the second period, Perona intercepted a Dawson pass and ran

RECENT BRIDE—Mrs. Reo Maxine Ragan, the former Miss Mary Ila Barnett of Lubbock, became the bride of Reo Maxine Ragan, formerly of Barry, at Lubbock Saturday, October 15, in a double-ring ceremony at the First Presbyterian church. Following a wedding trip to Santa Fe, N. M., the couple will reside in Lubbock.

Lads, Polar Bears And Eagles Turn In Grid Wins; Kerens Tilt Posioned

State Home Laddies, Frost Polar Bears and Mildred's Eagles churned through the mud and slop Friday and Friday night for victories in their District 20-B contests, all of which were played within the county.

The steady rain that turned several friends into quinquines caused postponement until tonight of the Mildred-Kerens-Hubbard tilt. Unless the rain abated soon, Kerens officials were doubtful Saturday morning if the game could be played.

Walter McClure starred for the Polar Bears, in titer stomping of the Italy crew. The full back scored four of the five Frost corners, and was the leading ground-gainer of the night.

Frost led at halftime, 28-0. Conference Standings

| Team | W | L | Pct. |
|------------|---|---|-------|
| State Home | 4 | 0 | 1.000 |
| Kerens | 2 | 0 | 1.000 |

Jurist Says Nation Needs Go Back Forefathers Fundamental Concepts

"The foundation of this country of ours is the foundation of world peace," Chief Justice J. E. Hickman of the Texas Supreme Court, declared here Thursday night.

"We need to go back to the fundamental concepts of our forefathers," the distinguished jurist and Methodist layman told nearly 200 persons at the Men's Dinner Club, where he was the guest of honor.

America's liberty-loving pioneers, he declared, founded the nation on this basic concept: "Our whole existence depends on the moral and patriotism of the citizens."

Judge Hickman's theme was "The contribution of Hebrew prophets made to this government of ours." He emphasized that early American leaders framed the constitution—founded a government on many concepts from theology. They built a nation on faith in God, he added.

"What other nation in the world has 'God in Trust' on their coins?" he asked.

"As long as we keep in mind God, we can defy the powers of ruin," he said.

"We used to think inventions could save the country. Then inventions came any and every gadgetted until we're wondering if we built a Frankenstein monster."

Then later, he continued, it was contended that education would guarantee freedom—preserve Democracy, but what is really needed is a return to the fundamental concepts of America's forefathers.

A Texas Supreme Court Justice since 1935, Judge Hickman teaches the largest Bible class in Austin every Sunday morning at the University Methodist Church.

Search For Lost Plane Centered In This Section

HOUSTON, Oct. 24—(AP)—Search for a missing plane carrying two Houston men centered in the Corsicana and Marshall areas today.

George H. Harrington, 44, prominent Houston consulting geologist, and Orville B. Switzer, Jr., 31, pilot, have been missing since their small plane left Tulsa at 8 p. m. (CST) Friday.

Major E. B. Galtier, Houston head of Cap Air Search and Rescue units, said planes are working out of Dallas and Palestine.

C. R. Dyess, Houston, advised Galtier he clearly saw a plane over the highway at 11:30 p. m. Friday while he was driving between Ennis and Corsicana.

A military pilot reported to the CAP in Dallas he had seen a flash fire northwest of Marshall about 8 p. m. Friday.

Ellis County Is Leader In Amount Of Cotton Baled

With 80 per cent of the cotton crop harvested in Navarro and Ellis county, figures from the farm labor bulletin issued by the Texas Employment Commission at Fort Worth, show Ellis county leading in the amount baled with 72,000 bales. Navarro county has a total of 58,000 bales. The estimated crop of Ellis was set at 60,000 bales and 70,000 bales for Navarro county.

All cotton is open in both counties and according to the TEC report there is no demand for additional pickers in either county. Navarro cotton growers are paying \$8.50 per hundred pounds for weighed-and-delivered cotton, while Ellis farmers are paying \$3.25.

Cotton ginned in other counties in this area follows:

| | | | |
|----------|--------|-----------|--------|
| Johnson | 1,850 | Tarrant | 4,850 |
| Hill | 3,383 | McLennan | 23,500 |
| Moody | 1,000 | Limone | 3,400 |
| Bremont | 1,000 | Robertson | 1,000 |
| Rockwall | 2,277 | Collin | 45,710 |
| Fannin | 88,264 | Gonzalez | 22,441 |
| Kaufman | 1,000 | Van Zandt | 42,484 |
| Hunt | 43,152 | Lamar | 29,000 |
| Anderson | 6,010 | Gregg | 1,442 |
| Rusk | 9,000 | Smith | 7,800 |
| Titus | 2,729 | Houston | 18,000 |

Mrs. Sarah Cole Honored On Her 92nd Birthday

WORTHAM, Oct. 22—(Sp.)—Mrs. John Munroe held an open house Sunday from 3 to 5 p. m. in honor of her mother, Mrs. Sarah Cole, ninety-second birthday.

Many friends unable to attend the birthday party Friday, Oct. 14, the honoree's "day," attended.

Mrs. Cole and her husband welcomed the guests in the reception room where Mrs. Cole and her piano were center of attraction.

Mrs. Cole and her husband, J. P. Stubbs and W. F. Eckhardt dispensed the dining room hospitality. The lace-covered tea table was the floral centerpiece.

Also held the decorated birthday cake, marked "92." Many gifts, flowers and greetings were received by the honoree.

Out-of-town guests included Misses Mabel and Hazel Bonner, Mrs. Etta Townsend, Mrs. M. S. Dockum, Mrs. Kela Redden, Mrs. Edwin Davant, Mr. and Mrs. W. Gage, Mr. and Mrs. C. B. H. and Mr. and Mrs. Sam Spikes, all of Corsicana; Mrs. Mary Register, Will Monroe and M. Boelen, all of Dallas; Mrs. Jessie Robertson, Tyler; Mrs. F. W. Ward, Tulsa, Okla.; Mrs. Gettys Winby, Tulsa, Okla.; Mrs. Charles Darwood, Lubbock; Mrs. Charles Davis, Lubbock; Mrs. Jewel Winby, Lake Charles, La.; Mrs. Arthur Bonner, Mexia; Mrs. Finley Peyton, Tangle, Tex. and Mrs. C. H. Fleming, Groves, Tex.

Miss Inez Compton of Corsicana visited Monday with her aunt, Mrs. Beulah Boyce.

Mr. and Mrs. Jim Morris Butler and children of Barber's Hill spent the week end with Mrs. W. E. Butler.

Mr. and Mrs. Dan Owens of Tyler visited here this week end.

The Purdon Home Demonstration Club met Monday, Oct. 17, in the home of Mrs. Hoyet Priddy with six members present.

The next meeting will be Nov. 1 in the home of Mrs. C. E. Thomas.

Mr. and Mrs. Lester Tadlock of Wichita Falls visited with Mrs. S. H. French last Wednesday.

Mrs. G. O. McGehee spent Monday and Tuesday of last week in Waco with Mr. and Mrs. C. G. Strickland.

Mr. and Mrs. Clyde Horn and daughter, Esther, and Mr. and Mrs. Ray Farmer and children of Fort Worth spent Sunday with Mr. and Mrs. Clarence Thomas.

Clyde Eddins, Mr. and Mrs. Edw. Eddins, Mrs. M. A. McCreary and Mrs. Keeling accompanied the school children to the Dallas Fair last Saturday.

Miss Inez Compton of Corsicana visited Monday with her aunt, Mrs. Beulah Boyce.

Mr. and Mrs. Jim Morris Butler and children of Barber's Hill spent the week end with Mrs. W. E. Butler.

Mr. and Mrs. Dan Owens of Tyler visited here this week end.

The Purdon Home Demonstration Club met Monday, Oct. 17, in the home of Mrs. Hoyet Priddy with six members present.

The next meeting will be Nov. 1 in the home of Mrs. C. E. Thomas.

Mr. and Mrs. Lester Tadlock of Wichita Falls visited with Mrs. S. H. French last Wednesday.

Mrs. G. O. McGehee spent Monday and Tuesday of last week in Waco with Mr. and Mrs. C. G. Strickland.

Mr. and Mrs. Clyde Horn and daughter, Esther, and Mr. and Mrs. Ray Farmer and children of Fort Worth spent Sunday with Mr. and Mrs. Clarence Thomas.

Clyde Eddins, Mr. and Mrs. Edw. Eddins, Mrs. M. A. McCreary and Mrs. Keeling accompanied the school children to the Dallas Fair last Saturday.

Roane Girl Shows Reserve Champion At Dallas Fair

Navarro county 4-H youths "all placed in the money" in the steer judging contests at the Texas state fair, County agent W. H. Walker announced Monday.

A Roane 4-H girl, Shirley Burnett, exhibited the reserve grand champion Hereford steer—Fair Acres Pride. The steer was the grand champion at the county fair here.

Judging in this division was Friday afternoon, Walker said.

Nokes To Address B&PW Session Tuesday Evening

George Nokes, Jr., will be the principal speaker for the dinner meeting of the Corsicana Business and Professional Women's Club Tuesday evening at 7:15 o'clock in the Kinsloe House.

Nokes has been invited to speak on pending legislation. Of special interest to the club is proposed legislation for jury service for women, which it has been advocating for number of years and which will be presented for vote in the November elections.

Club members have been advised to make reservations for the dinner meeting through the hostesses, committee of the dinner group of which Miss Rosa George White is chairman. Non-member friends who wish to attend have been asked to make reservation with the Kinsloe House hostesses, Mrs. T. R. Copeland.

Attention has been called to the fact that the club will be sponsor for a square dance in the Navarro Junior College auditorium Thursday, Nov. 3, at 7:45 o'clock. J. H. Compton will be caller. Admission will be \$1.50 a couple, and all proceeds will go to charity. Stringed instrumentalists will furnish music.

PMA Will Allow More Phosphate To Farmers Here

Navarro county farmers who haven't received any phosphate this year under the PMA soil conservation program may get purchasing orders, starting at 8 a. m. Wednesday, Oct. 26, from the Bob Clicheu announced Monday.

Clicheu reported an additional \$8,000 allocation had been given the local office to help farmers begin their winter legume programs.

Two tons—enough for 20 acres of land—will be given to each farmer who so far hasn't had any phosphate, Clicheu said.

4-H Awards Made To Four Youths

COLLEGE STATION, Oct. 22—(AP)—Four more 4-H awards were announced today.

Mary Helen Keith, 17, Whiteface, won the girls' record contest, based on 4-H accomplishments.

Edith Blackley, 17, Whitewright, took the leadership contest.

Reta Nell Baldwin, 18, Vernon, won the achievement contest.

Leg Wolf, 19, Gainesville, won the tractor maintenance contest.

W. S. McCullough Funeral Services Held On Sunday

Funeral services for W. S. McCullough, aged 79 years, who died at his home here Saturday morning, 813 West Eleventh Avenue, were held Sunday afternoon at 2:30 o'clock from the Dawson Baptist church. Burial was in the Younger cemetery near Purdon. The rites were conducted by Rev. W. T. Allmon and Rev. O. L. McCullum.

A native of Alabama and retired farmer, McCullough, known as "Uncle Shirl", was a member of the Fairview Missionary Baptist church at Raleigh.

Surviving are four sons, Curtis, Lendon, William Shirley, Jr., and Billy Joe of Corsicana, and Artie L. McCullough, Snyder; two daughters, Mrs. Ruby Clark, Sweetwater, and Mrs. A. J. Widener, Purdon; a step-son, Frank Jackson, Dallas; two step-daughters, Misses Lora Lillian and Betty Jackson, both of Corsicana, with whom he resided; two sisters, Mrs. Rosie Tidlock, Wilson, and Mrs. Lou Ella Putman, O'Donnell; five brothers, John T. McCullough, Purdon; G. L. McCullough, Hillsboro; A. T. McCullough, Fort Worth; Harvey McCullough, Itasca, and R. L. McCullough, Decatur, Ala.; 19 grandchildren and seven great-grandchildren.

Pallbearers were Y. M. Lewis, O. A. Crecelius, Bill Key, Ewing Woodall, Tell Woodall and Rankin French.

Wolfe Funeral Home directed.

IMPORTANT NOTICE TO ELECTION OFFICIALS

Immediately upon the completion of the count of your box please phone (Collect) results to the Corsicana Daily Sun.

The Sun will attempt to give complete county totals the night of November 8th. This will be impossible without your box.

Just tell the operator to connect you with the Daily Sun, Corsicana (Collect).

You should bear in mind that there is a law in effect requiring that your returns be phoned in immediately after the polls are closed and the count completed. Your co-operation will be greatly appreciated.

I will make my headquarters at the Daily Sun office the night of the election.

JOE D. HUFFSTUTLER,
County Judge.

Jake Amsel Dies Saturday; Rites Held On Sunday

Funeral services for Jake Amsel, who died at his home, 1704 Sycamore, early Saturday morning, were held Sunday afternoon at 2:15 o'clock from the McCammon Funeral Chapel. Burial was in the Hebrew cemetery. The rites were conducted by Rabbi Levy Olin of Temple Emmanuel-Eli, Dallas.

A native of Hungary Amsel came to America early in life and resided here before going to Durant, Okla., where he was a business man for a number of years before returning to Corsicana.

A 32 degree Mason, Amsel was active in charitable campaigns.

Mr. and Mrs. Amsel celebrated their golden wedding anniversary last year with a dinner at the Baker Hotel, Dallas.

Surviving are his wife and several nieces and nephews.

Pallbearers were Gabe Goldberg, Burney Bobkoff, Raymond Goldsmith, M. B. Golden, L. H. Golden, Henry Levy, Joe Mintz, Louis Wolens, Wally Levy, Abe Goldberg, Albert Daniels, Ivan Rosenberg, Morris Dreeben, Jay Silverberg, Sam Brooks, Asher Mintz, Louis Silverman, Max Wolens, W. Art Martin, Allen Edens, Sr., Dean Milkes and Walter Pierce.

Pastor Speaks At Morning Service Of First Church

The pastor, Dr. Erwin F. Bohmfalk, preached at the morning hour Sunday at the First Methodist church, using as his subject, "Advance for Christ." Rev. J. B. Sharp, the associate pastor, preached at the evening hour from the subject, "The Prodigal Son Ten Years Later." The day was observed as Christian Advocate Day, with subscriptions taken for the churches' national magazine. Additional offerings were made for the Texas Methodist colleges. At the morning hour the pastor told of the greatness of the Methodist church and how it had grown through the years, and explained the program of the church in the Advance for Christ and His Church movement, and some of the objectives that had been set out for this campaign.

At the night hour, the service closed with an altar re-dedication service.

Following the morning service the pastor left for High Island, Beaumont district, for a district-wide meeting. He will preach each night through Friday night, and address the noonday luncheon of First church, Beaumont, Wednesday. He announced the leadership school starting Nov. 1. A church conference elected delegates to the district conference. C. W. Meeker was the speaker in the adult department, Festus A. Pierce taught 27 men in the Brotherhood class, Tom Eady taught the Young Men's Bible class. Youth Fellowship met at 6 o'clock. Boy Scouts meet tonight. Wesleyan Service Guild tonight. Choir rehearsal Wednesday night. Week of Prayer program Friday morning.

THE LONG SLEEP—Nine-year-old Wayne Petty lies dead on the street near his home in Portland, Tenn., after being struck by an automobile. The driver of the car, Frank C. Lenfesty, 75, of Marion, Ind., told police he swerved his car but could not avoid hitting the child. (AP Wirephoto).

GIRL

CONTINUED FROM FIRST PAGE
A 21-year-old youth was called to the stand by Attorney Joe Anderson.

"Would you marry this boy?" the lawyer asked.

"Yes," replied the witness. "The lawyer turned to the girl. 'Would you marry this boy?'"

She nodded her head, saying "Yes."

Judge Mays, declaring "This is a pitiful situation," pointed out that the girl had been before him a year ago in a delinquency proceeding and released.

"She's been knocked and cussed all her life. She's never had any kindness," he declared.

"She needs better guidance and the time will come when she'll be worthy of having a nice young man for a husband. And the time will come when she'll be worthy of being a mother."

"But she is not fit for either

Roof Of Plant At Dallas Caves In; One Man Killed

DALLAS, Oct. 24.—(AP)—A roof cave-in at the Portland Cement Co. plant early today apparently killed one man, injured another, and caused so much noise some witnesses mistook it for an explosion.

E. T. Spain, 55, switchboard operator for the company, was trapped on a second level catwalk inside the plant. He was believed dead though his body had not been removed.

Dallas fire department battalion chief, A. B. Williams, said an accumulation of a thick layer of dust on the roof of the power plant weighted down by heavy hail, apparently caused the collapse.

David W. Maggard Dies Saturday; Funeral Monday

David W. Maggard, aged 67 years, life-long resident of Emhouse, died at the F. and S. Hospital Saturday afternoon at 4:30 o'clock.

Funeral services were held Monday afternoon at 3 o'clock from the Emhouse Methodist church. Burial was in the Patton cemetery. The rites were conducted by Rev. N. H. Crawford of Mincola and Rev. H. L. Atkins, pastor of the Emhouse Methodist church.

He was married to Miss Ada Lockhart, August 12, 1900.

Surviving are his wife, Emhouse; four sons, Roy Maggard, Ennis; Claude and Lucian Maggard, both of Emhouse, and Johnnie Maggard, Teague; a daughter, Mrs. Albert Tinkle, Emhouse; eight grandchildren, two sisters, Mrs. Kate Hilliard, Kerens, and Mrs. Dannie Adcock, Denton; two brothers, Tom and Ras Maggard, both of Kerens, and other relatives.

Nephews were pallbearers. Corley Funeral Home directed.

Sister Of Eureka Resident Is Dead

Funeral services for Mrs. Lofton Reeves Boyd, aged 81 years, Free-stone county pioneer, who died at her home in Teague Sunday morning, were held Monday afternoon from the First Methodist church in Teague with burial in the Greenwood cemetery.

Surviving are two sons, L. R. Boyd, president of the Teague Chamber of Commerce, and David Boyd, Kemp; a daughter, Mrs. J. Willis Jordan, San Angelo, and a half-sister, Miss Nettie Barnett, Eureka.

She was returned to Alice for hearing of a habeas corpus plea. The request for bond was rejected and he was returned here the same day.

Smithwick, who said he had been a deputy sheriff in Jim Wells county 24 years, placed himself in jail the day Mason was shot.

Mason was a crusading radio announcer. In his last broadcasts he referred to a dance hall at the edge of town where he said prostitutes plied their trade. He said Smithwick owned the property where the place was situated.

A veteran newspaperman, Mason had worked from coast to coast, he conducted a regular program, "Bill Mason Speaks" over station KKKI at 12:30 p. m. (CST) daily. He used this time to talk, generally, on city problems.

On his last broadcast he commented: "The word has been passed to me that I better shut up, or else."

Mason's son, Burt Mason, revealed that his family received a warning two hours before his father was shot to death.

Avelino Saenz pointed out Smithwick as the slayer of Mason at the examining trial for the accused deputy.

Saenz on Aug. 2 testified that he was with Mason when the commentator was shot to death.

Smithwick entered a plea of not guilty.

A special grand jury investigated the shooting and indicted Smithwick.

Saenz said he and Mason had gone to look at some sewage pipes and at the condition of some streets. Mason was getting material for his radio program.

He testified: "Just before Smithwick shot Mr. Mason said something like 'wait a minute, or what's the matter with you.'"

Dr. Philip S. Joseph testified at the examining trial that a bullet had entered Mason's chest, tore through an artery and that Mason died of an internal hemorrhage.

Saenz testified that Smithwick turned to him and said, "Get away from here."

Saenz said he got away.

On July 30, shotgun raiders blasted the dance place described in Mason's broadcast.

Help In The "Middle Years"

By W. P. BROWN
Of Johnson's Pharmacy

For many women the forties and fifties were difficult years filled with mental and physical disturbances.

Thanks to new drug discoveries, a woman in this period of life today can maintain serenity and poise, and feel fit to enjoy these years as much as any others.

While a doctor's advice and prescription will be of great help at any time during this period, greater benefits are realized by those who consult a doctor regularly throughout these years.

Entrust your doctor's prescription to a drug store where quality is the first consideration.

W. C. McKee Dies Monday Morning; Rites Incomplete

W. C. McKee, aged 71 years, died at his residence, 804 South Thirty-Fourth street, about midnight Monday morning.

McKee had resided in Corsicana for a number of years. He formerly painted automobile tops here.

Surviving are two brothers, J. McKee, Rusk, and J. C. McKee, Cedarvale, N. M.

Funeral arrangements are incomplete, pending advice from relatives.

McCammon Funeral Home will direct.

RAINS

CONTINUED FROM FIRST PAGE

The South Concho river at Christoval, 18 miles south of San Angelo was running over the highway bridge. Highway between Ozona and Del Rio were closed Sunday.

A fall of 1.41 inches stopped cotton picking at Big Spring.

Collision of cool air from the North with warm, Gulf air that had been hanging over the state was responsible for the rains.

Thousands of North Texans splashed through variable rivers of water on their way to work.

Straims and rivers in the North-Central portion of the state were rising rapidly.

At 7 a. m. the Trinity stood at 17.7 at Dallas and was rising sharply. It is expected to reach 28 feet—or flood stage—by this afternoon.

Del Rio reported .19 of an inch; Tyler .16; and Waco four-hundredths.

Light drizzle was falling in the Panhandle, with light rains in South-Central Texas—and in most of West Texas. The only areas not reporting at least some precipitation at 7:30 a. m. were extreme south Texas and the El Paso area of far West Texas.

Overcast skies yesterday caused an Air Force Reserve transport to get lost and disrupted air traffic over North Texas for two hours last night before an CAA officer "talked it down" at Wichita Falls.

The plane, piloted by Lt. Frank Vernon, was bound from Albuquerque, N. M., to Hensley Field at Dallas. It ran into fog, poor visibility and a thunderstorm.

One of the plane's three radios went out and it had engine trouble. It was icing up, and had to make an emergency descent to warmer air.

The control tower at Dallas Love Field ordered seven other planes to stay above 4,000 feet and kept eight airline planes on the ground.

One of the planes held in the air at Dallas was a four-engine Navy Patrol bomber, which ran low on fuel. It had to make an emergency landing at the Naval Air Station while the Air Force plane circled.

The lost ship skipped blindly over to Wichita Falls. CAA stations kept track of its position, though the plane's crew didn't know where they were.

A CAA officer talked it down at Sheppard Air Force Base.

TRUMAN

CONTINUED FROM FIRST PAGE

challenged the Soviet government to offer a "better and more effective plan."

He said the United States is now, "and will remain, ready to do its full share" to meet the atomic weapons' threat to peace.

In another obvious dig at the Soviet orbit Mr. Truman also sharply criticized disregard of human rights which he said were "indispensable to political, economic and social progress."

He said UN members know that "disregard of human rights is the breeding of tyranny, and, too often, the beginning of war."

He spoke just two days after the general assembly voted agreement with western charges that Russian satellites Bulgaria, Romania and Hungary are suppressing human rights and freedoms.

The questions first were raised after trials of Josef Cardinal Mindszenty in Budapest and other religious leaders in Bulgaria.

The general assembly approved, 40 to 6, Nov. 4, 1948, the United States-endorsed plan drafted by Bernard M. Baruch and others of the UN Atomic Energy Committee.

"This is a good plan," the president declared. "It is a plan that can be effective in accomplishing its purpose. It is the only plan so far developed that would meet the technical requirements of control, that would make prohibition of atomic weapons effective, and at the same time promote the peaceful development of atomic energy on a cooperative basis."

"We support this plan and will continue to support it unless and until a better and more effective plan is put forward."

This was a new notice that the United States will continue building up its stockpile of atomic bombs until controls are guaranteed.

Technical assistance and capital investment in underdeveloped areas where "at least half of mankind lives in dire poverty."

Attaining basic civil and political rights "for men and women everywhere—without regard to race, language or religion."

STURGES

CONTINUED FROM FIRST PAGE

He was placed on five years probation and ordered to leave California.

A second note named his mother as Mrs. A. T. Sturges of New York and said he was "known by all newspapers in New York."

The third note purported to be a will.

Elmer M. Olson, the family attorney in New York City, said Sturges' mother is Mrs. E. N. Sturges, widow of a former New York banker. Olson said she is seriously ill at her home in New Jersey.

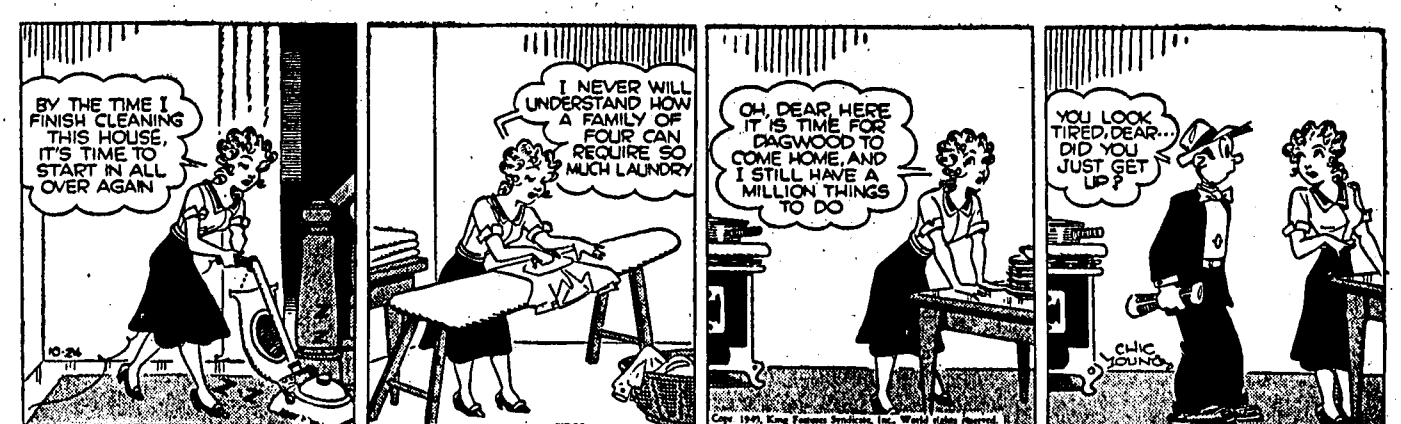

He said the family is not wealthy, but was well known during Taverniere's lifetime.

Brownsville officers said Sturges came there about three months ago and had been working in the aluminum welding department of a company which is building a synthetic gasoline plant at Port Brownville.

Visiting Clan Running Attack Proved Strong

By PAUL MOORE
Sun Sports Editor

Hillsboro Junior College Indians displayed a heavier and a harder charging aggregation in the mud at Tiger Field Friday night to remove the Navarro Junior College Bulldogs from the zone championship leadership, temporarily at least. The final score was Hillsboro 20, Navarro 12.

This was the first conference loss for the local aggregation. The Indians had previously lost to Blinn Memorial College at Brenham.

Miss Mary Frances DeGeorge of Corsicana, football sweetheart, was presented in appropriate ceremonies prior to the beginning of the Homecoming contest. A reception was held during the afternoon and a dance after the melee.

The phenomenal punting of Bill Reed played off several chances for Hillsboro scores and one or two fine defensive stands by the outmanned Navarro forwards stopped advances at critical times.

The Hill countings, however, hampered the local line constantly with Jerry Campbell and Dub McClinton leading the bruising and crushing running attack that seldom failed to get the needed yardage.

Hillsboro scored first in the opening stanza after gaining the ball on the Navarro 33. Jerry Campbell took a lateral pass for 17 yards to the Navarro 16 and McClinton hammered over for a first down to the 8. On the third play, Campbell went over for the touchdown and Tom Cole converted from placement.

Navarro retaliated a short time later after Bill Reed had booted out deep in the Indians' territory and the visitors had been penalized to their 1-yard line.

A group of red-uniformed Bulldogs swarmed over the Hill county wall to block the attempted punt out of danger with Harold Prestidge making the block and Orville Elliott falling on the ball for the touchback. Reed's attempted placement was wide.

Neither club was able to score during the remainder of the first half, although the visitors were stopped by the stubborn Bulldogs several times deep in their own territory.

The locals stopped one drive on the one-yard line and then Reed kicked 50 yards out of danger and the ball rolled an additional 12 yards before coming to a stop.

Fine Defensive Stands
Hillsboro drove back down the field on the ground and in the air and Bradley recovered a fumble on the Navarro 4.

Wilkinson darted off left tackle for 33 yards to the Navarro 13 and the ball went over on downs on the 8 after the Bulldogs had dug in to stop the advance, and later McLeod intercepted a Hillsboro pass on his 5 and returned 30 yards.

Starting Lineups
Navarro—Watson and Woodman, ends; Davis and Granger, tackles; Bradley and Ellis, guards; Shaw, center; Reed, Hopsin, McLeod and Earl, backs.

Hillsboro—Cole and Mosely, ends; Anthony and Johnson, tackles; Wren and Ecker, guards; A. Campbell, center; Franks, McClinton, Wilkerson and Jerry Campbell, backs.

Substitutes: Hillsboro—Patterson, Powell, McCoy, H. Ivey, Sain, W. Foster, Brock, Navarro—Darland, Guthrie, Caton, Gaines, Elliott, McGraw, Autry, Wiley, Blissett, Edwards.

Officials—Hassell, referee; Roberts, umpire; Dickey, field judge; Hutchins, head linesman.

Statistics
Yards gained rushing: Hillsboro 312, Navarro 125.

Yards lost rushing: Hillsboro 14, Navarro 2.
Punts: Reed (Navarro) punted 10 times for 425 yards, average 42.5 per punt. Hillsboro punted 6 times (including one blocked) for

Corsicana Cubs Down Hillsboro's Eaglets, 18-7

The Corsicana high school B team spotted the Hillsboro Eaglets seven points Thursday night and came back to win their contest on Friday Field by Calloway.

The Cubs, who took 40-0 win from the Eaglets in their first meeting, ran into much harder competition than they got in the initial game.

The Eaglets scored first when they intercepted a Cub pass and returned it 66 yards for the tally. They converted and led, 7-0.

Kenneth Stegall, who garnered scoring honors for the locals last night, tallied first for the Cubs in the second quarter. He got loose on a 30 yard ramble and went over, and Bob Russell missed the conversion try. Hillsboro led, 7-6 at the half.

Jerry Calloway went over the wide line for Corsicana in the third period, after Stegall and Hobbs had alternated to carry the ball on a long drive down to the Eagle 1. There Calloway rammed over, and Russell missed the point. Russell garnered the last tally. It came when he intercepted an Eaglet pass and returned it 30 yards for a score.

Stegall, Cub back, had two touchdown runs nullified by penalties.

Richland Farmer Hurt Friday In Highway Mishap

A Richland farmer suffered severe injuries early Friday when his tractor and trailer-load of cotton seed were smashed and destroyed in a large trailer-truck, the highway patrol reported.

Calvin Jones was brought to the Corsicana Hospital and Clinic in a Griffin ambulance after sustaining injuries to the left shoulder and arm. The mishap was near Richland.

Jones was reported en route to Richland pulling a load of seed cotton on Highway 14 when Friday accident occurred at 8:15 a. m. Driver of the trailer-truck was Milford August Depenbrock of Houston, the highway patrol said. Depenbrock escaped injury.

Tractor and trailer were not believed to be under control at the time of the crash. X-ray examinations were to be made during the day.

Both vehicles were extensively damaged and seed cotton was scattered about the highway for a considerable distance, it was reported.

Annual Memorial Session Cemetery Association Held

The annual memorial meeting of the Hamilton-Beaman Cemetery Association was held Friday at the cemetery, several miles southwest of Corsicana with John W. Carpenter chairman of the board of the Texas Power and Light Co. and a native of the section of the cemetery, as the main speaker.

A large attendance of those interested in this old much-loved cemetery, was on hand despite the weather, and all enjoyed Mr. Carpenter's talk very much, and the picnic dinner that was later spread.

A memorial to the late Mrs. Lawrence Tilton, a member of the board of trustees, was read, and two trustees, one to succeed Mrs. Tilton and one to succeed the late T. J. Garner, were elected. Olin Bryson, Jr., and Newton Roman were named.

J. A. Young, chairman of the board of trustees for the past 19 years, asked to be relieved of his duties as chairman, but still remaining on the board. Mr. Bryson was named chairman, and Mr. Young was given a vote of thanks for his long and faithful and valued services.

Thanks to the ladies who have taken such an interest in this cemetery, the grounds are kept in an excellent condition, with improvements being made from time to time, as needed.

Local National Guard units have been advised that the summer training camp next year will be held from September 27 until October 10, Capt. J. C. Gaston of the 133rd Field Artillery headquarters battery announced Monday.

Penalties: Hillsboro 8 for 50 yards; Navarro 2 for 10 yards.

Passes: Hillsboro attempted 6, two completed for 21 yards, three incomplete, 1 intercepted. Navarro attempted 8, 2 completed for 24 yards gain, 6 incomplete.

SOIL CONSERVATION DISTRICT NEWS

District Supervisors Navarro-Hill Soil Conservation District: Morris Crawford, chairman; W. C. Pearce, vice-chairman; Thad Jones, secy.

Many of the district cooperators have already planted, or are in the process of planting winter cover crops of vetch and peas. J. T. Allen and Jess Pollan, Rice conservation group, have vetch already up about 100 acres, and are planning to plant four weeks. Allen is planting all his farm of 166 acres to cover crops.

Mrs. F. A. Drane's Estate has approximately 200 acres of vetch up, which will furnish winter grazing by December 1st.

Allen Bryant, Allan Edens, and Jack McKinney are planting vetch on pasture land to add fertility, to graze and to produce seed.

Several conservation groups have met during the past two weeks to discuss and to prepare to establish the conservation practices that they can apply this fall, such as cover crops, pasture seeding, and locating and preparing collective terrace outlets for sodding. These groups are as follows: Corbet, with 12 attending; Tupelo, 11; Eureka, 10; Roane, 8; and Angus, 12.

W. A. Long and R. L. Harris are clearing out old farm ponds with a drag line so as to store up more stock water for next summer.

Teamwork between home and school involves five factors. R. A. Armistead told the Senior High PTA in a meeting Tuesday.

These factors, said the principal in discussing "Teamwork Between Home and School," are the team, the wagon or load, the work, the driver and the driver's direction.

"This team is composed of the home and the school, the two institutions which control a big percentage of the child's time," said Mr. Armistead, who declared the wagon or load consisted of the physical facilities of the school plant, the program of classwork and the school activities. It was the speaker's opinion that a good team should have the best of these with which to work.

"The team should be at work, a most vital work," pointed out the principal, "the production of a trained personnel of young graduates, young people with the qualities needed to build a better world. We should like to produce young people who possess three characteristics: They should be outstanding, upstanding and understanding. Not all can be outstanding, but one should be. All can and should be upstanding, of sound character, and understanding, the world's greatest need. The world does not have a problem that cannot be solved by an understanding citizenship."

The driver should be no one individual or group, said the speaker, but it should be a well informed and well-motivated public opinion, interested in the entire school population, not just in an own child or special interest.

He concluded by saying, "Finally over for the TD, and Paul Slaughter failed in his attempt to run the point over. The half ended with the Panthers ahead, 13-0.

The Greenies came back in the second half, with fleet Floyd Cheatham spearheading the attack. He carried over from 35 yards out on a fake reverse in the third quarter, and ran over the point.

In the fourth period, State Home intercepted Panther pass on the Corsicana 40 and in four plays went to the 15. There Cheatham swept end for the score, and then failed to convert.

The Panthers downed the Greenies in an exciting meeting this year by a 13-7 count.

Construction of new REA Building Here Will Begin In Next Few Days

Construction of a new and modern headquarters for the Navarro County Electric Co-op will begin at the West Seventh avenue site next week, according to Co-op Manager Osie Cauble.

The REA in Washington already has approved a \$95,000 loan to finance the project, including two-way radios now in operation. Cauble said.

Occupying 8500 square feet of space, the one-story air conditioned building will house all co-op offices, and electric kitchen, work house and garage and utility shops. It was announced.

The contract was awarded to the Frank Russell Construction Company of Austin and work is expected to get started October 27 or October 28, Cauble announced. The location is at the corner of South Thirteenth street and West Seventh avenue.

Now boasting 3,400 members, the co-op expects to have 4,000 on or about January 1, Cauble said. Owned and operated by farmers, the co-op's distribution lines total

about 1,500 miles in the five counties it serves—Navarro, Limestone, Freestone, Ellis and Hill.

"Our ultimate goal is to have 4,500 members," Cauble said, explaining that some 1,100 rural people still are without electrical service. The new building will be brick and will be finished within four months after construction begins, Cauble said.

CARD OF THANKS.
We wish to express our thanks to our friends and neighbors for the sympathy and love and service in our hour of sorrow. For those who sent the beautiful flowers and also to the ones who sent in the nice food. Especially do we thank Rev. Obie Barton, our pastor, and Mr. and Mrs. Ezra Burns and the quartet for their services. May God bless each and everyone is our prayer.—The Howell Family.

Magazine Quoted In Publicity For Female Jury Duty

The proposed legislation for jury service for women, long advocated by the Texas Federation of Business and Professional Women's clubs, is further publicized in the current issue of the official publication of the organization.

Mrs. Dora Davis of Wichita Falls, state federation president, labels the coming election a challenge, one of the most important since the movement for women suffrage.

"We are conscious that we have a new world to raise upon the world that has fallen and that we have the means to make it what we wish it to be," the president has written. "Our future," she adds, "will be determined largely by the attitudes which we women take toward the changes in our society. It is true that we cherish and want a democracy, so we want at the same time, a world in which a democracy can live. We have a right to live in a democratic world and we need to work toward a solution to that problem of democracy."

"As voters we must approach the issues of election with clear vision. The exercise of franchise is never intelligent without knowledge. It is our duty to be informed to take an active and responsible part in the consideration of the issues to be presented. We all know how vitally these things affect our personal lives. It is our duty to vote."

All public affairs committees in the federation have been urged to concentrate on publicity about jury service and the election. An all-out effort is the plea of Mrs. Dorothy S. Kibler of Houston public affairs chairman.

The 1949-50 legislative program, a state objective of which is a vote campaign for jury service for women is given in detail by Mrs. Gwendolyn B. Jay of Abilene, legislative chairman.

The members of the board of education were hosts for the annual faculty party Tuesday evening at the Country Club. About 125 teachers, their wives and husbands attended.

Yellow and bronze chrysanthemums were combined with other autumn flowers to decorate the clubroom, where a variety of games were arranged for a variety of games.

H. C. Allen, president of the Corsicana Teachers' Association, served as emcee for the occasion, presenting Mrs. Mary Frances Haney, a young woman who was arranged for a variety of games.

Mrs. Hanna sang "Deep River" and "Rose in the Bud." Mr. Garrett's selections were "Room Full of Roses" and "Some Enchanted Evening."

Preceding the games, Mrs. Jack Lewis played popular piano selections.

Ray Waller was prize winner for forty-two; Mrs. Margaret Jorgensen, pummy, and Mrs. H. C. Allen, canasta.

Refreshments included sandwiches, an apple salad, cheese straws and devil food cake squares.

The entertainment committee included Misses Anna Belle Kibler and Hazel Holsey and Mrs. Jim Johnston. Mrs. Ballard George was assisted on decorations by Miss Dorothy Martin and Mrs. Foy Garrett. The prize committee was composed of Misses Elizabeth Kelton and Mabel Mabry and Mrs. Bufo Pritchett.

Surviving are a brother, a sister, two nephews and two nieces. One nephew, C. L. Dorton, resides at Rice.

Corley Funeral Home directed.

IN AND OUT OF SERVICE

Leonard C. Stearns, son of Mrs. Elaine Stearns, 416 North Thirteenth street, has enlisted in the United States air force as a private, according to M. Sgt. Barham Byars of the Corsicana U. S. army air force recruiting station. Pvt. Stearns signed up for a four-year hitch.

Stearns attended Corsicana High school and has been employed by Martin Photographic Studios as a dark room technician. He plans to study photography in the army.

He enlisted at the Waco station Oct. 18 and was shipped to the Lackland air force base, San Antonio, for processing and assignment.
